How to do a leaf rubbing:

1. Collect leaves as you explore outside.
2. Lay an individual leaf on a table and place a sheet of paper over the top of the leaf.
3. Use a colored pencil or crayon to scribble on the paper above the leaf to reveal the texture of the leaf.
4. Continue on the same sheet of paper with other leaves.
5. Switch up colors and placement to create an abstract work of art!
6. What other objects can you use to create interesting textures?
